As a rule of thumb, a price per square meter of DKK 2,000 incl. VAT for a full-day event that takes place at a rented, external location and with approximately 50-80 participants corresponds to the market price.

If the total purchase price for the exhibition stand includes items other than the exhibition stand (e.g. expenses for participant fees, catering, logo in program, administration fee to external party/organizer), this should not be included in the price per square meter.

Reporting a sponsorship to participation – step 3: Case details

The screenshot shows the 'Create case' interface. At the top, there's a progress bar with five steps: 1. Consent (checked), 2. Contact information (checked), 3. Case details (active, highlighted with a red circle), 4. Files, and 5. Confirm. Below the progress bar, the 'Reference' section contains two input fields: 'PO-number' and 'Reference'. The 'Details' section contains four input fields: 'Title *', 'Venue *', 'Venue city *', and 'Venue country *'. The 'Date' section contains one input field: 'Opening time of the event *'. A red arrow points from the 'Reference' section to a callout box on the right. Another red arrow points from the 'Venue *' field to another callout box on the right.

Enter the company's own reference/PO number, if applicable.

The venue must not be known for its entertainment facilities or appear extravagant or luxurious - i.e. no 5-star hotels, castles, manor houses, mansions, estates, beach hotels, etc.

For further information, see the guidance to Sec. 13(10) of the Promotion Code.

The difference between the roles is that the 'Administrator' can create new users and can see all the company's reports to ENLI. A 'User' does not have these rights.
